

Invitation to unique rural businesses to be featured in the **Let the Shows Go on! GooseChase**
Wraps up on the 27th March 2021

At Dark Sky Innovations, based in Coonabarabran, we believe that rural businesses and communities can THRIVE through innovation and collaboration. We are currently hosting a gigantic GooseChase that 100s of players are playing until the 27th March. Think 'Amazing Race' crossed with 'Tic Toc', 'Pokemon Go' and 'Treasure hunts' wrapped up in a show theme and you are coming close to the FUN of the 'Let the Shows Go On!' GooseChase.

*Each day we release 5 new missions and we are seeking sponsorship/prizes to feature 3 - 5 unique rural businesses from each town. This is **your invitation** to be a part of this innovative & connected experience.*

The gigantic Show themed game takes players on a journey, real and virtual, to connect with 11 NSW rural/regional communities and their agricultural shows from Oberon to Baradine. GooseChasers can play their missions at any time and from anywhere, all making connections with the towns and businesses within the game visiting now and in the future.
